BYUI SCOT	The teacher uses their hands to talk a lot, but it doesn't seem really distracting. Just looks like they may be feeling a bit uncomfortable. BYUI SCOT	half this conversation the teacher seems to have his back turned to the student as they are walking away. This could give off the feeling that the teacher doesn't value conversing with this student.	34		<a href="#">Grading not enabled</a>	0	0		May 17 9:17 am	May 17 9:17 am

BYUI SCOT	the teacher does seem to be trying to check in by ending his sentences with "okay?" and briefly pausing. Students may or may not realize that he is pausing to check their understanding.	33		<a href="#">Grading not enabled</a>	0	0		May 17 9:41 am	May 17 9:41 am
