Instructor Observation

Instructor: Quinn Briggs
Observer: Brett Amidan
Class: CSE 270 Software Testing
Date/Time: 2/5/24 3:15 pm

Observed areas:

Creating an environment of respect and rapport	Chatted before class with students about their weekend.
Establishing a culture for learning	Even though it is a lecture, there are questions throughout that allow for interaction.
Communicating with Students	Outline for the day and the week are discussed at the beginning of class; objectives for the week are well defined
Using Questioning & Discussion techniques	Questions are asked to the students and time allowed for them to respond.
Engaging Students in Learning	Will be having group presentations on topics later in the week.
Using Assessment in Instruction	

Class Timeline
First 8 minutes – Spiritual Thought and discussion about this week
33 minutes Discussion of different testing methods/ideas
4 minutes Group signup
Finished with discussion of the assignment to be done Wednesday and presented on Friday
